# Freedom of Information Act Publication Scheme

## Introduction

This document has been produced as a requirement of the Information Commissioner's Office (ICO) and introduces a Model Publication Scheme in response to Section 19 of the Freedom of Information Act 2000.

The Model Publication Scheme provided by the ICO for schools and academies has been adopted by the Cabot Learning Federation with effect from April 2015.

The Model Publication Scheme provides a list of the information routinely published by academies which the ICO expects them to make available unless:

- They do not hold the information
- The information is exempt under one of the FOI exemptions or Environmental Information Regulations (EIRs) exceptions, or its release is prohibited under another statute
- The information is archived, out of date or otherwise inaccessible, or, it would be impractical or resource-intensive to prepare the material for routine release.

## Guide to the Information Available from the Federation under the Publication Scheme

The table at Annex 1 details the information routinely published. Next to each category of information the manner in which the information described will be available is specified

In some circumstances for items not routinely available the Federation will estimate the cost of providing the data. This will be calculated on direct labour costs based on the time spent in researching and collecting the information which will be charged at a flat rate of £25 an hour, regardless of the actual costs per hour.

There is no obligation to disclose information if the total cost calculated in this fashion exceeds £450. This estimate is not charged to the requestor. However, the federation may charge ten pence plus VAT per photocopy or scanned document and/or the direct cost of putting the information into other requested formats, plus postage if applicable. In certain circumstances the Federation may waive the fee at its absolute discretion.

Confirmation of any payment due will be given prior to the information being provided. Payment will generally be requested prior to the provision of the requested information.

## Written Requests

Information held by the Federation that is not listed in the publication scheme can be requested in writing and will be considered in accordance with the Freedom of Information Act. Please mark all such requests clearly with the words Freedom of Information Request.
